Welcome to the New Year!

Dear Friends,

The HAT committee would like to wish you a Happy New Year and thank you for all your support during the past year. You are a very important part of our organisation and we really value your commitment towards our cause. We encourage you to get involved in our fundraising events and have a good time while making a real difference to health outcomes in rural Tanzania.

We are looking forward to work with you in 2014!!

The World Walks for Water & Sanitation

Since 2011, thousands of people across the world have come together to appeal for universal access to water and sanitation.

Currently, 40% of the world cannot access a toilet and almost 800 million people do not have access to safe water.

In Tanzania, 5.5 million people are without access to a safe sanitation facility. Water-related diseases, like cholera and diarrhoea, are still a leading cause of illness and death, and women and children can spend up to 7 hours a day collecting clean water.

In March, the world will walk for the right to clean Water and Sanitation. You are invited to join the HAT team as we walk in solidarity with our friends in Tanzania and raise money to improve the quality of life for those living in the village of Mampando.

Last year, 480,000 people across the world walked for water and sanitation. Join us on March 23 because **TOGETHER** we **CAN** make a **CHANGE**.
