## A reflection of the last financial year

The HAT committee would like to inform you that our **Annual Report** for the last financial year **2012-2013** is available for your perusal.

As highlighted by the report we are proud to announce that HAT passed a significant milestone, having now **transferred over A\$100,000 to support community-initiated development projects in Tanzania.**

Also another significant highlight is the near completion of the Community Engagement and Marketing of Matumbo Village Health Clinic project and **the commencement of the Mampando Village Rural Hygiene and Sanitation project.**

HAT also received AusAID approval for its development approach, **making significant progress towards achieving Deductible Gift Recipient (DGR) status.**

We **raised over A\$19,000** through several successful fundraising activities thanks to our members and all the participants at the events.

But perhaps one of the things that makes HAT unique is that we maintained our **commitment to devote 100% of our fundraising proceeds to development projects in Tanzania!**

The HAT committee wants to thank all of you for your invaluable support & also encourage you to have a look at the Report.

---

**Letting our walking do the talking!**

This has been the third year in which HAT has joined the worldwide event the 'World Walks for Water and Sanitation' to show support for universal access to water and sanitation.

We are happy to announce that **the HAT event organised in Melbourne on March 13, 2014 raised \$400!** and 100% of the funds raised will go towards [the Mampando Village Hygiene & Sanitation Project](#).

Thanks to all the HAT walkers and volunteers who gave their time and commitment to improve the lives of those less fortunate. Also, much appreciation to *Thank You Water* who donated water bottles for the participants.

We hope to see you all in the next 'HAT Walk' event!
